

Struggling to Reach Your Promoting Interoperability/ Meaningful Use Goals?

Let us do the heavy lifting!

You could qualify for up to \$63,750 in incentive payments...
and we can help.

**M-CEITA is Michigan's official Regional Extension Center (REC), a subsidized resource to help Medicaid Providers reach Promoting Interoperability/
Meaningful Use (PI/MU) goals**

Our experts guide you through the process, so you can:

- Leverage your electronic health record (EHR)
- Achieve PI/MU goals
- Receive your full incentive payments – \$63,750 per Provider is still available if participation was initiated by 2016
- Focus on patient care

M-CEITA subsidized funding includes the following support:

- A dedicated PI/MU specialist assigned to work with your practice.
- A customized plan to adopt/implement/optimize your EHR system.
- A review of workflow design, offering best practice options for improvement.
- A thorough review and education on how to achieve PI/MU.
- A security risk analysis and pre-audit checklist to ensure compliance.

Why M-CEITA?

In partnership with Michigan Medicaid, we offer highly subsidized assistance to those who qualify. Additionally, providers working with a REC are twice as likely to be awarded an incentive payment.* M-CEITA offers:

- **Proven Results.** We have helped over 4,000 Michigan providers achieve Promoting Interoperability/Meaningful Use.
- **Navigation Aid.** We work daily with vendors, the MiHIN health information exchange, the State of Michigan and CMS as an official liaison.
- **Exclusive Tools.** We understand provider practices, health information systems and national quality standards; we use this knowledge and exclusive tools to achieve progress faster.
